Attachments: suggested final EIS briefing paper format_7Aug2020.docx

Michelle [Ex. 6 Personal Privacy (PP)] will be calling into the ET meeting in the afternoon to participate in the session with the coaches. However, I wanted to share this thread with you to make sure that Chris has an opportunity to identify who he'd like to participate in the Thursday – Senior Leadership Briefing for Pebble. When I opened the invite there were a large number of folks and I think there may be value in considering who actually needs to be there. Thanks.

Andrew

Subject: RE: Pebble Project Briefing doc

Hi everyone,
I wanted to provide a quick status update on the briefings next week and document development.

For the briefing with the R10 RA on 8/11, we have heard that we do not need a briefing document. The draft letter itself is sufficient for him. So, we can focus the energy on preparing a document for the 8/13 political briefing. For that briefing, we are starting to hear that there may be a desire for that to be a smaller group. We hope to clarify that early next week with Chris's help.

On the briefing document itself, I have attempted to reformat for consistency with the attached template from Cindy. I have also accepted the changes in the document thus far (thanks to those that provided edits). Patty is planning to

provide the NEPA sections on Monday and I hope to circulate it to the entire career leader group for feedback by the end of the day, 8/10.

Thanks,

Matthew Szelag | Water Quality Standards Coordinator
